

COMPETITION FORMAT

Please be aware that the IModel aims to provide an adequate level of play for players who show readiness and reward them with a suitable competitive challenge.

- Game format is 11v11 and align to FIFA standards related to field and goal sizes and to the IFAB standards related to the Laws of the Game.
- Results and standings will be recorded.
- The respective District Associations in collaboration with the Club and Academy technical leaders will have the exclusive right to decide which players/teams will be offered spots at the league qualifying season.
- Clubs and Academies are not obliged to populate any age group in the league.
- Clubs and Academies can only have one (1) team representation per gender/age group.
- At the District, below the IModel Division Clubs and Academies can have multiple teams representation.
- The team qualification process for Competitive 1 and Competitive 2 must be conducted every year. “Soccer is about fair play, hard work and passion combined with suitable skills”
- The IModel consists of three (3) phases: 1) Qualifying Season. 2) Competitive 1 & Competitive 2. and 3) Championship Showcase.
- Qualifying season can be in a District Association, or a combination of one of more District Associations.
- A District Association can only run an IModel Division with a minimum of 8 suitable teams.

Note: A Club or Academy team of a District that doesn't have a compatible Division can join a neighbouring District League (*approval required by the two District Associations*)

Championship Showcase

1. In 2022 the Championship final is disputed by the 2 top teams.
2. The final takes place in designated location previously established.
3. In the event of a tie, the criteria set out in the Event Rules apply.
